- Bilge pump
- Light
- Cooler

## GPS positioning:

- Setting of berthing place by pressing a button
- Automatical messaging by SMS on leaving the berth place
- Request of the latest GPS position by SMS

## General information

The scout GSM is an inexpensive and easy solution for the supervision of movable objects like boats, yachts, caravans or campers as well as the supervising of homes. Over connected sensors the device grasps, e.g., burglaries, upcoming fire, water or other serious events. These are immediately sent by SMS to any mobile phone and the user is able to initiate immediately countermeasures. The system is simply configurable about the phone number memory of the SIM-card and is ready for use immediately.

Further it is possible to activate the relais outputs by an SMS. So the user is able to switch different devices on board on or off.

Bz GPS it is possible to localiyze the position of the GSM Scout and the supervised object. The position will be sendes as an SMS.

## Technical specific features

- The comfortable connect about screw contacts
- No special software necessary
- The easy configuration about the SIM-card
- Small construction style
- 2 relais contacts fo switching devices
- GPS positioning via SMS

## Conditions

To use the scout GSM, you need:

- power supply
- activated SIM/ card (prepaid or fix contract)
- Sensors

## Technical data

### GSM networks

- 900 & 1800 Mhz or 850 & 1900 Mhz networks

### Configuration

- Programming of the SIM- card over the mobile phone

### Physical Dimensions / weight

- 100 x 90 x 25 mm (L x H x W) / 140 g

### Temperature range

- - 30 °C bis + 60 °C work temperatur

### Interfaces

- 1 registration circle for "burglary"
- 1 registration circle for "fire"
- 1 registration circle for "water"
- 1 registration circle for "arbitrary event"
- 2 relais contacts

### Energy supply

- 4,5 - 6 V DC, 50 mA

## Scope of supply

### Content

- Manual
- Miniatur aerial
- Miniatur screw driver
- Power cable 11- 28 V DC (Output 5 V)

## Optionale accessories

### More accessories

- Antenna adaptor (MMCX on FME)
- External antennas / see price-list
- Power supply 230 V AC & 5 V DC
- Power supply 230 V AC & 5 V DC with support accumulator
- Power cable 11- 28 V DC (Output 5 V) with support accumulator
